

## Bajaj Auto launches the new Pulsar NS 125; brings its sportiest offering at 125cc point.

- The new Pulsar NS125 is an entry sports bike aimed at young enthusiasts
- Equipped with a smooth, refined and powerful engine that delivers a power of 12 PS and a torque of 11 Nm delivering a class leading performance
- Power-packed with a host of segment-first features such as a rigid perimeter frame & Nitrox mono-shock absorber for excellent handling and stability on any type of roads
- The new Pulsar NS 125 is priced at ₹93,690/- ex-showroom Delhi

**20<sup>th</sup> April 2021:** Bajaj Auto, The World's favourite Indian, has launched the new Pulsar NS 125 in India. The new Pulsar NS 125 is an addition to the Pulsar 'NS' range of motorcycles which is the most popular sports motorcycle brand in India. Targeted at young enthusiasts, the Pulsar NS 125 is power packed with performance and multiple class leading features, bringing the thrill of sport biking to entry sport aficionados at a brand new 125-cc point.

The Pulsar NS125 is powered by a 125cc BS6 DTS-i engine which gives superior power delivery and immediate throttle response that delivers a power of 12 PS which is the highest in its segment and a peak torque of 11 Nm for an unmatched pick up for the signature Pulsar rush. Its perimeter frame offers high-stiffness & low flex for a sharp handling experience. The Nitrox Mono-shock absorbers offer great stability even at high speeds.

Available at an attractive price of Rs 93,690/- (ex-showroom Delhi) the Pulsar NS 125 comes in four exciting colour options including Beach Blue, Fiery Orange, Burnt Red and Pewter Grey. A high gloss metallic paint on body, perimeter frame and alloys with unique bronze shade are well complemented by the signature wolf-eyed headlamp cluster with twin pilot lamps, for a visually arresting stance. The infinity twin-strip LED Tail lamps and the sporty split grab rail & eye-catching belly pan complete the never-missed eye-catching first look.

Commenting on the launch **Mr Sarang Kanade, President - Motorcycles, Bajaj Auto** said "We are excited to bring the pedigree of the higher cc Pulsar NS series bikes, for first-time performance riding enthusiasts. The thrill that the new Pulsar NS 125 is built to offer, will appeal to a large segment of customers with its multiple class leading features. The Pulsar 125 has been very well received by consumers and we are confident that the new NS 125 will further strengthen the brand's position in the Entry Sport Bike segment".

The Pulsar NS series has carved a niche for itself in the overly competitive entry sport segment. The Pulsar NS 200 was launched as new age and stylish Pulsar for the youth which has class leading performance credentials. The NS 160 was added to the portfolio to provide for class leading power, advanced features and stylish looks at a competitive cc and price point. The NS 125 combines these aspirational features appealing to the first-time sport biking enthusiast.
