

KTM extends service and warranty period of all the products

The service and warranty period of vehicles which were valid till May 31st will now be extended till July 31st, 2021

18th May 2021, Pune: KTM has extended the service and warranty periods of all its products in India. Given the uncertainty due to pandemic-induced lockdowns and travel restrictions in several states across India, all KTM and Husqvarna motorcycles will have their warranty benefits and free service period extended by two months. Warranty and free services which were previously valid till May 31st, 2021, will now be applicable until July 31st, 2021.

Commenting on the initiative, **Mr. Sumeet Narang, President, Bajaj Auto (Probiking)** said, “Due to the second wave of the pandemic, various states have announced lockdowns and we are aware that customers may struggle to get their vehicles serviced on time, or avail warranty benefits that may have expired during this period. Hence, we have rolled out two months warranty and service extension across all KTM and Husqvarna models.”

KTM Probiking showrooms nationwide will pass on the benefits of extension of free service and warranty to all its customers.
